

CONTENTS THE JOURNAL OF EXPERIMENTAL MEDICINE
Volume 145 No. 1 January 1, 1977

- 1 L. GLIMCHER, F. W. SHEN, AND H. CANTOR. Identification of a cell-surface antigen selectively expressed on the natural killer cell
- 10 B. HUBER, R. K. GERSHON, AND H. CANTOR. Identification of a B-cell surface structure involved in antigen-dependent triggering: absence of this structure on B cells from CBA/N mutant mice
- 21 DANIELE PRIMI, LENNART HAMMARSTRÖM, C. I. EDVARD SMITH, AND GÖRAN MÖLLER. Characterization of self-reactive B cells by polyclonal B-cell activators
- 31 JOHN B. HAY AND BARRY B. HOBBS. The flow of blood to lymph nodes and its relation to lymphocyte traffic and the immune response
- 45 V. S. ŠLJIVIĆ AND SUSAN R. WATSON. The adjuvant effect of *Corynebacterium parvum*: T-cell dependence of macrophage activation
- 58 OLIVIER BERNARD, MARIE-ANN RIPOCHE, AND DOROTHEA BENNETT. Distribution of maternal immunoglobulins in the mouse uterus and embryo in the days after implantation
- 76 LAURENCE A. SHERMAN AND JOAN LEE. Specific binding of soluble fibrin to macrophages
- 86 MORINOBU TAKAHASHI, BRIAN F. TACK, AND VICTOR NUSSENZWEIG. Requirements for the solubilization of immune aggregates by complement. Assembly of a factor B-dependent C3-converter on the immune complexes
- 101 AFTAB AHMED, IRWIN SCHER, SUSAN O. SHARROW, ALLAN H. SMITH, WILLIAM E. PAUL, DAVID H. SACHS, AND KENNETH W. SELL. B-lymphocyte heterogeneity: development and characterization of an alloantiserum which distinguishes B-lymphocyte differentiation alloantigens
- 111 JAY A. BERZOFKY, ALAN N. SCHECHTER, GENE M. SHEARER, AND DAVID H. SACHS. Genetic control of the immune response to staphylococcal nuclease. III. Time-course and correlation between the response to native nuclease and the response to its polypeptide fragments
- 123 JAY A. BERZOFKY, ALAN N. SCHECHTER, GENE M. SHEARER, AND DAVID H. SACHS. Genetic control of the immune response to staphylococcal nuclease. IV. H-2-linked control of the relative proportions of antibodies produced to different determinants of native nuclease
- 136 A. E. BUTTERWORTH, J. R. DAVID, D. FRANKS, A. A. F. MAHMOUD, P. H. DAVID, R. F. STURROCK, AND V. HOUBA. Antibody-dependent eosinophil-mediated damage to ⁵¹Cr-labeled schistosomula of *Schistosoma mansoni*: damage by purified eosinophils
- 151 AH SWEE KONG AND STEPHEN I. MORSE. The in vitro effects of *Bordetella pertussis* lymphocytosis-promoting factor on murine lymphocytes. I. Proliferative response
- 163 AH SWEE KONG AND STEPHEN I. MORSE. The in vitro effects of *Bordetella pertussis* lymphocytosis-promoting factor on murine lymphocytes. II. Nature of the responding cells
- 175 RUTH J. MUSCHEL, NEAL ROSEN, AND BARRY R. BLOOM. Isolation of variants in phagocytosis of a macrophage-like continuous cell line
- 187 ROBERT D. STOUT, DONAL B. MURPHY, HUGH O. McDEVITT, AND LEONARD A. HERZENBERG. The Fc receptor on thymus-derived lymphocytes. IV. Inhibition of binding of antigen-antibody complexes to Fc receptor-positive T cells by anti-Ia sera
- 204 ROSLYN W. ORKIN, PAMELA GEHRON, ERMONA B. MCGOODWIN, GEORGE R. MARTIN, THOMAS VALENTINE, AND RICHARD SWARM. A murine tumor producing a matrix of basement membrane
- 221 ROBERT L. EVANS, JAQUELINE M. BREARD, HERBERT LAZARUS, STUART F. SCHLOSSMAN, AND LEONARD CHESSE. Detection, isolation, and functional characterization of two human T-cell subclasses bearing unique differentiation antigens
