

No. 2, AUGUST 1, 1935

	PAGE
COBURN, ALVIN F., and PAULI, RUTH H. Studies on the immune response of the rheumatic subject and its relationship to activity of the rheumatic process. I. The determination of antistreptolysin titer.....	129
COBURN, ALVIN F., and PAULI, RUTH H. Studies on the immune response of the rheumatic subject and its relationship to activity of the rheumatic process. II. Observations on an epidemic of influenza followed by hemolytic streptococcus infections in a rheumatic colony.....	137
COBURN, ALVIN F., and PAULI, RUTH H. Studies on the immune response of the rheumatic subject and its relationship to activity of the rheumatic process. III. Observations on the reactions of a rheumatic group to an epidemic infection with hemolytic streptococcus of a single type. Plates 8 to 10....	159
CHOW, BACON F., and GOEBEL, WALTHER F. The purification of the antibodies in Type I antipneumococcus serum, and the chemical nature of the type specific precipitin reaction.....	179
SEASTONE, C. V. Pathogenic organisms of the genus <i>Listerella</i> . Plates 11 and 12.....	203
ROSAHN, PAUL D. The influence of latent syphilitic infection on the reaction of the rabbit to the Brown-Pearce tumor.....	213
CLAUDE, ALBERT. Spreading property of azo proteins in the dermis. Plate 13.....	229
PAUL, JOHN R., TRASK, JAMES D., and WEBSTER, LESLIE T. Isolation of poliomyelitis virus from the nasopharynx.....	245
DUBOS, RENÉ. Studies on the mechanism of production of a specific bacterial enzyme which decomposes the capsular polysaccharide of Type III pneumococcus.....	259
DUBOS, RENÉ, and BAUER, JOHANNES H. The use of graded collodion membranes for the concentration of a bacterial enzyme capable of decomposing the capsular polysaccharide of Type III pneumococcus.....	271
BARNES, L. A., and WIGHT, ELEANOR C. Serological relationship between Pneumococcus Type I and an encapsulated strain of <i>Escherichia coli</i>	281
